## F. Laut Elected Delegate For Banff-Cochrane Independent Citizens Ass'n.

At a meeting held at the Elks Hall, Cochrane, Wednesday afternoon last, August 2nd, Mr. Frank Laut, Crossfield, was elected candidate for the Banff-Cochrane Constituency Independent Citizens Association.

There were 111 accredited delegates at the meeting out of a possible 117, which showed very good representation.

Mr. H. P. Wright, of Airdrie, called the meeting to order and asked the delegates to select a chairman for the convention, which took place as follows:

1st, Mr. Wheatley, of Banff was chosen, but he was absent, and Mr. Church of Balzac, was chosen chairman. S. Willis, of Crossfield, acted as secretary.

Messrs. J. H. Scott of Airdrie, and E. Beddoes of Madden, were selected as a credential committee.

Messrs. Hansen of Banff and Evans of Beddington, were appointed a resolution committee.

After considerable discussion and objection to the word "Unity", it was decided that the name "Independent Citizen" be adopted, and the candidate selected would be known as the Independent Citizen.

Mr. Hansen spoke favourable of Mr. Church, who received first nomination. F. Laut was the second name offered in the nomination; H. P. Wright 3rd; Alex Moore of Cochrane, former member of the U.F.A. in this constituency, 4th; S. Perry of Balzac 5th; S. L. Gainor of Cochrane 6th; F. Collicutt, Crossfield, 7th; Mr. VanHaften Cremona, 8th.

Balloting proceeded and the slate of nomination was as follows:

1st Ballot, Mr. Van Haften, lowest, eliminated. Messrs. Perry, Gainor and Collicutt withdrew their names in the first.

Alex Moore was the second to be eliminated.

H. P. Wright was eliminated in the third ballot, leaving Messrs. Church and Laut, and

## PUBLIC AND UNIFICATION

From the Pembroke Ont. Bulletin, July 25, 1939

The Hon. C. D. Howe speaking at Silver Lake, Lanark County, wanted to impress upon those who heard him that the Liberal party is a unit against the unification of our railways, while the Conservative party is divided. Probably the rank and file of both parties are for unification, and the party which would nail unification as its policy to the mast's head would have the better chance of getting returned to power. However, both of the leaders are after the railway vote, and when the Conservatives find that they did not get it they will get wise.

the latter was selected. Those present were 100 percent satisfied with their candidate.

Some discussion arose as to the financing of this campaign, and a resolution was given that each polling division select a committee to canvas for funds to carry on. A resolution was given that 100 men give \$5.00 each to commence the campaign. This was agreed upon and the meeting adjourned.

## Edmonton Youth Injured on Farm

An accident occurred on Friday afternoon, on the farm of Nick King, west of Crossfield, when a team of horses, driven by the latter's nephew, Max King, 20 of Edmonton, took fright and bolted. Leaping from the wagon, which was later overturned, the youth sustained a fractured thigh. Dr. D. W. Whillans of Crossfield, was called and set the fracture, after which the boy was taken in to town.

## Stoney Indians at Banff Springs Make Helen Keller Tribe Sister

Helen Keller, blind and deaf authoress and lecturer, and who through her sensitive fingertips sees and hears, was recently honored with a membership in the Stoney tribe. The colorful initiation ceremonies took place at Banff Springs Hotel, Banff, Alberta, during the Annual Indian Days sponsored by the Canadian

Pacific Railway. The illustration shows Miss Keller receiving a snowy eagle feather, the insignia of her Indian name "White Eagle Plume" from the hands of Chief Walking Buffalo. Chief Jacob Two-Young-Man looks on while Polly Thomson, Miss Keller's constant companion "interprets" for her blind friend.

## Messrs. Johnson And King Speak at Local Gathering Monday

At a Social Credit Meeting held in the U.F.A. Hall, Crossfield, Monday evening, with G. Butler acting as Chairman, a large gathering presided to hear Messrs Johnson, Federal Member for the Bow River Constituency and W. R. King, M.L.A. for the Banff-Cochrane Constituency. Both speakers delivered addresses which were greatly to the benefit of those present, in their usual able manner.

After the addresses, a question period was granted, and the time spent was beneficial and enlightening to those present.

## C.C.F. Organization Holds Meeting In Crossfield U.F.A. Hall

A very successful and instructive meeting was held in the U.F.A. Hall, Crossfield, Wednesday evening, August 9, when quite a large crowd gathered to hear Mr. and Mrs. E. J. Garland and Mr. A. E. Leisner of Calgary. H. McDonald, Crossfield, acted as chairman.

According to reports, comments can be made on the able manner in which Mr. Garland explained the C.C.F. objects and views, holding to his subject, without drawing in other men or parties.

After the meeting a question period was given, during which many interesting questions were asked and very clearly answered by Mr. Garland.

Prior to adjournment, a local organization was formed, which elected Messrs. H. McDonald Chairman, J. R. McTavish Vice-Chairman, and G. McLeod secretary. Some 20 members signed up for the local organization with prospects of more later.

Arrangements were made to hold the first meeting at the home of Mr. and Mrs. H. McDonald this Saturday, August 12th. Everybody welcome.

### The World of Wheat By H. G. L. Strange

Weeds, it has been found by scientific experiments, are one of the greatest robbers of the farmers' incomes. When growing amidst the grain, weeds steal, it is calculated, on the average, on these prairies, about 25 percent of the precious and limited moisture available to the farmers' wheat and other crops, and so, of course the crops produce about 25 percent less yield than they would do had weeds not been present.

Because of the generous rainfall this year, weeds are growing most abundantly, and so prairie farmers now have a splendid opportunity that may not occur again for many years, to get rid of vast quantities of them.

The best way to kill weeds is to encourage them by cultivation to germinate and to grow, and then as they appear above the ground to destroy the young plants.

A light cultivation on stubble as soon as the present grain crop is harvested will cause vast quantities of weeds to develop. The winter will kill many of the young plants, and then early cultivation next spring will destroy additional myriads of them.

Wild oat plants, however should not be cultivated until they are several inches high, but before any jointing of the stem has occurred.

### CFAC Wiener Roast.

One day last week someone had a bright thought..... a Wiener Roast! We all jumped at the idea. You see, some of us haven't been on our holidays yet, and we needed a bit of relaxation. Others of us have just returned from our holidays..... and needed a...bit....of.... relaxation.

Ruth Meadows was made "Commander-in-chief" of arrangements...and a very good job she made of it too. There wasn't a shortage of anything, and nothing was forgotten.

Nineteen rough and ready souls gathered at the CFAC studios at the appointed hour, and then to cars and away to a lovely spot by the Elbow River and a couple of structures known as Twin Bridges.

Upon arrival everyone had to gather firewood. The pile of wood grew amazingly high in a very short time...and then the farmer came and made us put his fence back. Finally though, there was sufficient legitimate firewood for the whole evening.

Pat Freeman, production manager, having had experience in the Ranger Stations of the Rockies, was elected firemaker. He went civilized on us and used matches instead of two sticks....maybe it was just as well.

Everyone managed to get their weiners toasted, burnt, sizzled, or incinerated. With

## Around Field And Barn.

By E. M. C.

The farmer and I stood in his yard, we talked of weeds and hoppers, roads and pegged wheat. A new, shining car came down the road, slowed up, turned in. Said the farmer, "Here comes the enemy."

Said I, "who is it?" "Oh", he replied, "I don't know, when a car like this drives in, I know it is no friend."

The car stopped, a voice said, "Are you Mr. Blank?"

I went to my car, drove away.

That is not the first time I have had similar experiences, or heard remarks of the kind.

What is this shadow over so many farm homes? Fear, worry, debt, a feeling of frustration, an uncertain future for young and old, swimming against the current.

Truly Alberta is the land of promises, soon we will be privileged to mark our ballot, as we did four years ago, and then watch the fifty big shots run for cover, as they did—four years ago.

But that is no good reason why you fellows should not mow the grass and weeds on your roads—or do you like to shovel snow?

Carry on.

The Banff-Cochrane Constituency is to be congratulated in securing Mr. Frank Laut as candidate; his nomination has given general satisfaction.

Frank Laut is a progressive thinker with the farmers viewpoint, and is not to be stampeded by half-baked theories and childish experiments in economics and finance.

Electors in some constituencies may have some doubt as to which of the various candidates they will support.

Banff-Cochrane need have no hesitation. Mr. Laut stands for steady progress, "change without chaos", and is definitely an independent citizen. If Banff-Cochrane electors fail to elect Frank Laut to the next provincial legislature, it will be to their everlasting shame and ultimate regret. Don't make the same mistake twice - it hurts.

mustard, pickle, and buns a very tasty (?) lunch was had by all. The coffee was delicious....due probably to the freshly burnt wood which always manages to find its way into the out-door coffee kettle.

Entertainment was supplied by various members of the staff, including Dick Tregillus' poetry (which you may have heard on the Sunshine Programs.)

And then, happy, tired, and full of Hot Dogs, home to bed!
